## Tomorrow's *Dream* begins today!

Children, teens and adults alike can benefit from dance. It provides lifelong attributes such as poise, self-confidence and creativity. Best of all, dancing is fun!

**Dance Expressions** owner, and mother of two, Jennifer Smith know this best. On top of her extensive professional dance experience, she has a master's degree in education. She carefully creates classes that are age appropriate, meets regularly with staff for training, and makes herself available to parents and students for personal attention.

"No matter what the student's goal is in dance, we as staff influence the dancer's lives because we see them every week for years," says Jennifer. "Being a positive role model is just as important as being a good teacher."
